A notworthy improvement in the layout of the Montville Trolley line between this city and New London is the straightening of the track that has been started by the roadmaster's track gang near the Bendett farm about half way roughly, between Trading cove and Mohegan. There has always been a had curve as the frolley track follows the highway at this point and the work that is now being done, follows the lines laid out recently by the company's engineers that leaves the turnpike, cuts crossiots and makes practically a straight seretch in place of what has been a widely sweeping curve. According to the new line, the track will part company with the highway at Gallivan's lane at the right hand side of the road and will run for about 1890 feet until it again strikes the road. Three games will be enough to decide the superiority of either the Married or the Single men and the first game will be played on Friday, August 7th, with the State Hospital grounds as the place of action. There is to be a dinner at the end of things, but it has not been decided yet who is going to pay for end of things, but it has not been decided yet who is going to pay for it. Cary, James L. Case, John T. Young, and a lot more than want to keep in the dark until they limber up after their several years' lost practice. On the other hand Captain C. V.
